

NPDES Permit Development Contact Log

Facility Name:	Kailua Regional Wastewater Treatment Plant
NPDES Permit Number:	HI0021296
Date	Summary of Conversation
November 16, 2012	<p>Phone call between Todd Wegner (PG Env.) and Bryan Wienand (City and County of Honolulu).</p> <p>Discussion Points:</p> <p>1) Introduce myself and PG and explain what we are doing.</p> <p>1) Request for Kailua ZOM Nutrient and bacteria data electronically. Mr. Wienand said he would get this to PG as soon as possible.</p> <p>2) Verify the existing coordinates of the ZOM monitoring stations and the discharge locations. The coordinates for Outfall Serial No. 001 in the current permit and Form 2A are not the same as coordinates in the ZOM application. Mr. Wienand stated he would look into it and get back to us as soon as possible.</p> <p>3) Verify if a more recent dilution study has been completed or if the one from the current permit should be used. Mr. Wienand stated he would look into this and get back to us.</p>
November 30, 2012	<p>Phone call between Todd Wegner (PG Env) and Bryan Wienand (City and County of Honolulu)</p> <p>Discussion Points:</p> <p>1) Mr. Wienand verified that the coordinates for Outfall Serial No. 001 in the ZOM application are correct and the coordinates from the current permit are wrong.</p> <p>2) Mr. Wienand said he would email us the bacteria and nutrient ZOM monitoring data as well as new coordinates for all the monitoring stations.</p> <p>3) Mr. Wienand verified that there is no new dilution study and the dilution in the current permit is still applicable.</p>
